

Domino Mirror

designed by Cristina Celestino

Domino è lo specchio da parete composto da moduli geometrici i cui angoli smussati, rifiniti con fasce interne satinate e fasce esterne verniciate o serigrafate, incidono lo spazio circostante creando un gioco armonico di ombre riflesse. La struttura in legno, con una o due mensole, unisce estetica e funzionalità, per inserirsi con coerenza ed equilibrio nella zona notte o all'ingresso.

The Domino wall mirror is made of three geometric panels with rounded corners. Matte internal strips and painted or screen-printed exterior strips interact with the surrounding space in a harmonious interplay of reflected shadows. The wooden frame, with a choice of one of two shelves, combines function and form, allowing it to fit seamlessly into bedroom or entranceway décors.

Specchio in legno disponibile in tre versioni, con o senza mensole abbinata. Finiture e materiali a scelta, come da catalogo. **Struttura** — Struttura in legno dotata di mensola con finitura laccato lucido a contrasto, in abbinamento a colorazione cristallo.
