designed by Dimorestudio

Restyling dell'iconico tavolo progettato per Design Miami 2014, Dedalo ha un carattere ipnotico, un intreccio di telai compenetranti in acciaio tubolare quadrato, le cui finiture a contrasto creano l'effetto di un labirinto in cui perdere l'orientamento. Disponibile in 5 formati, tutti con piano in cristallo. Il nesso col mito lo rende naturalmente elegante, un tavolo che rievoca scenari epici, poetici e di grande tensione.
